

KING OIL, INC.
KING L.P. GAS INC.

Multi-Purpose Hydraulic Oils

Premium quality hydraulic oils designed for use in most hydraulic systems as well as many other uses.

FORMULATED TO:

- Reduce rust
- Reduce corrosion,
- Reduce wear
- Reduce foaming
- Reduce oxidation

APPLICATIONS INCLUDE:

- For hydraulic systems equipped with vane, gear, screw and radial pumps
- These oils exceed the requirements of Vickers, Denison, and Cincinnati Milacron.
- Air compressors, electric motors, some enclosed gear cases, circulating systems and other applications.

PERFORMANCE:

- Available in ISO 32, 46, 68 and 100.

Typical Properties

Multi-Purpose	ISO				HF Oil
Grade	32	46	68	100	22
Gravity, °API	30.4	30.2	28.3	28.3	34.0
Viscosity,					
cSt @ 40° C	32.5	46.0	69.8	100.0	19.8
cSt @ 100° C	5.2	6.6	8.3	11.2	4.05
Viscosity Index	95	95	95	95	102
Pour Point, °F	-30	-30	-25	-15	0
Flash Point, °F	457	457	460	410	390
