

KING OIL, INC.
KING L.P. GAS INC.

Full Synthetic Transmission Fluid

SAE 50

It is formulated using synthetic base stocks and proprietary additive technology.

PERFORMANCE:

It meets or exceeds following industry specifications:

- Eaton PS-164
- API MT-1

FORMULATED TO:

- Use in heavy duty manual transmissions operated under severe service

APPLICATIONS INCLUDE:

- Designed for transmission applications in equipment that is operated in on-highway and off-highway

Typical Properties

SAE Grade	Heavy Duty 50	Full 50
Gravity, °API	23.0	23.0
Viscosity, cSt @ 100° C	18.2	18.0
Viscosity Index	151	151
Pour Point, °C	-40	-40
