## Maraf fluid 4 Fluids

Transmission and Drive Train Fluids designed for use in certain construction and farm equipment.

### APPLICATIONS INCLUDE:

- Transmissions
- Final drives
- Differentials
- Hydraulic systems

### PERFORMANCE:

These fluids meet the requirements of:

- Caterpillar TO-4, Allison C-4 and ZF TE-ML03

Available in SAE 10W, 30, and 50 viscosity grades.

### Typical Properties

SAE Grade	10W	30	50
Gravity, °API	28.3	26.5	25.4
Viscosity,			
cSt @ 40° C	48.5	97.5	241.7
cSt @ 100° C	7.0	10.9	19.8
Viscosity Index	101	95	94
Pour Point, °C	-35	-25	-15
Flash Point, °F	440	480	500

*Serving you*

*24 hours a day, 7 days a week*
